Status is as follows:

N = New for 2020

E = Extended coverage

M = Modified with relatively minor changes

C = Commentary added only

R = Renamed

U = Unchanged except for minor changes such as spellings and addition of logo

Chart numbers refer to latitude - e.g. number 5537A is to be found at 55 degrees 37 minutes north and the 'A' implies that it is the first chart we made at that latitude whilst 'B' would be the second, etc. The charts are therefore listed from south to north. Charts with a 'W' suffix are in the Outer Isles; those with a 'Y' are in the Clyde area and those with an 'XL' are at an extra large scale with additional colouring for drying areas.
