Chart: CSSW edition 9

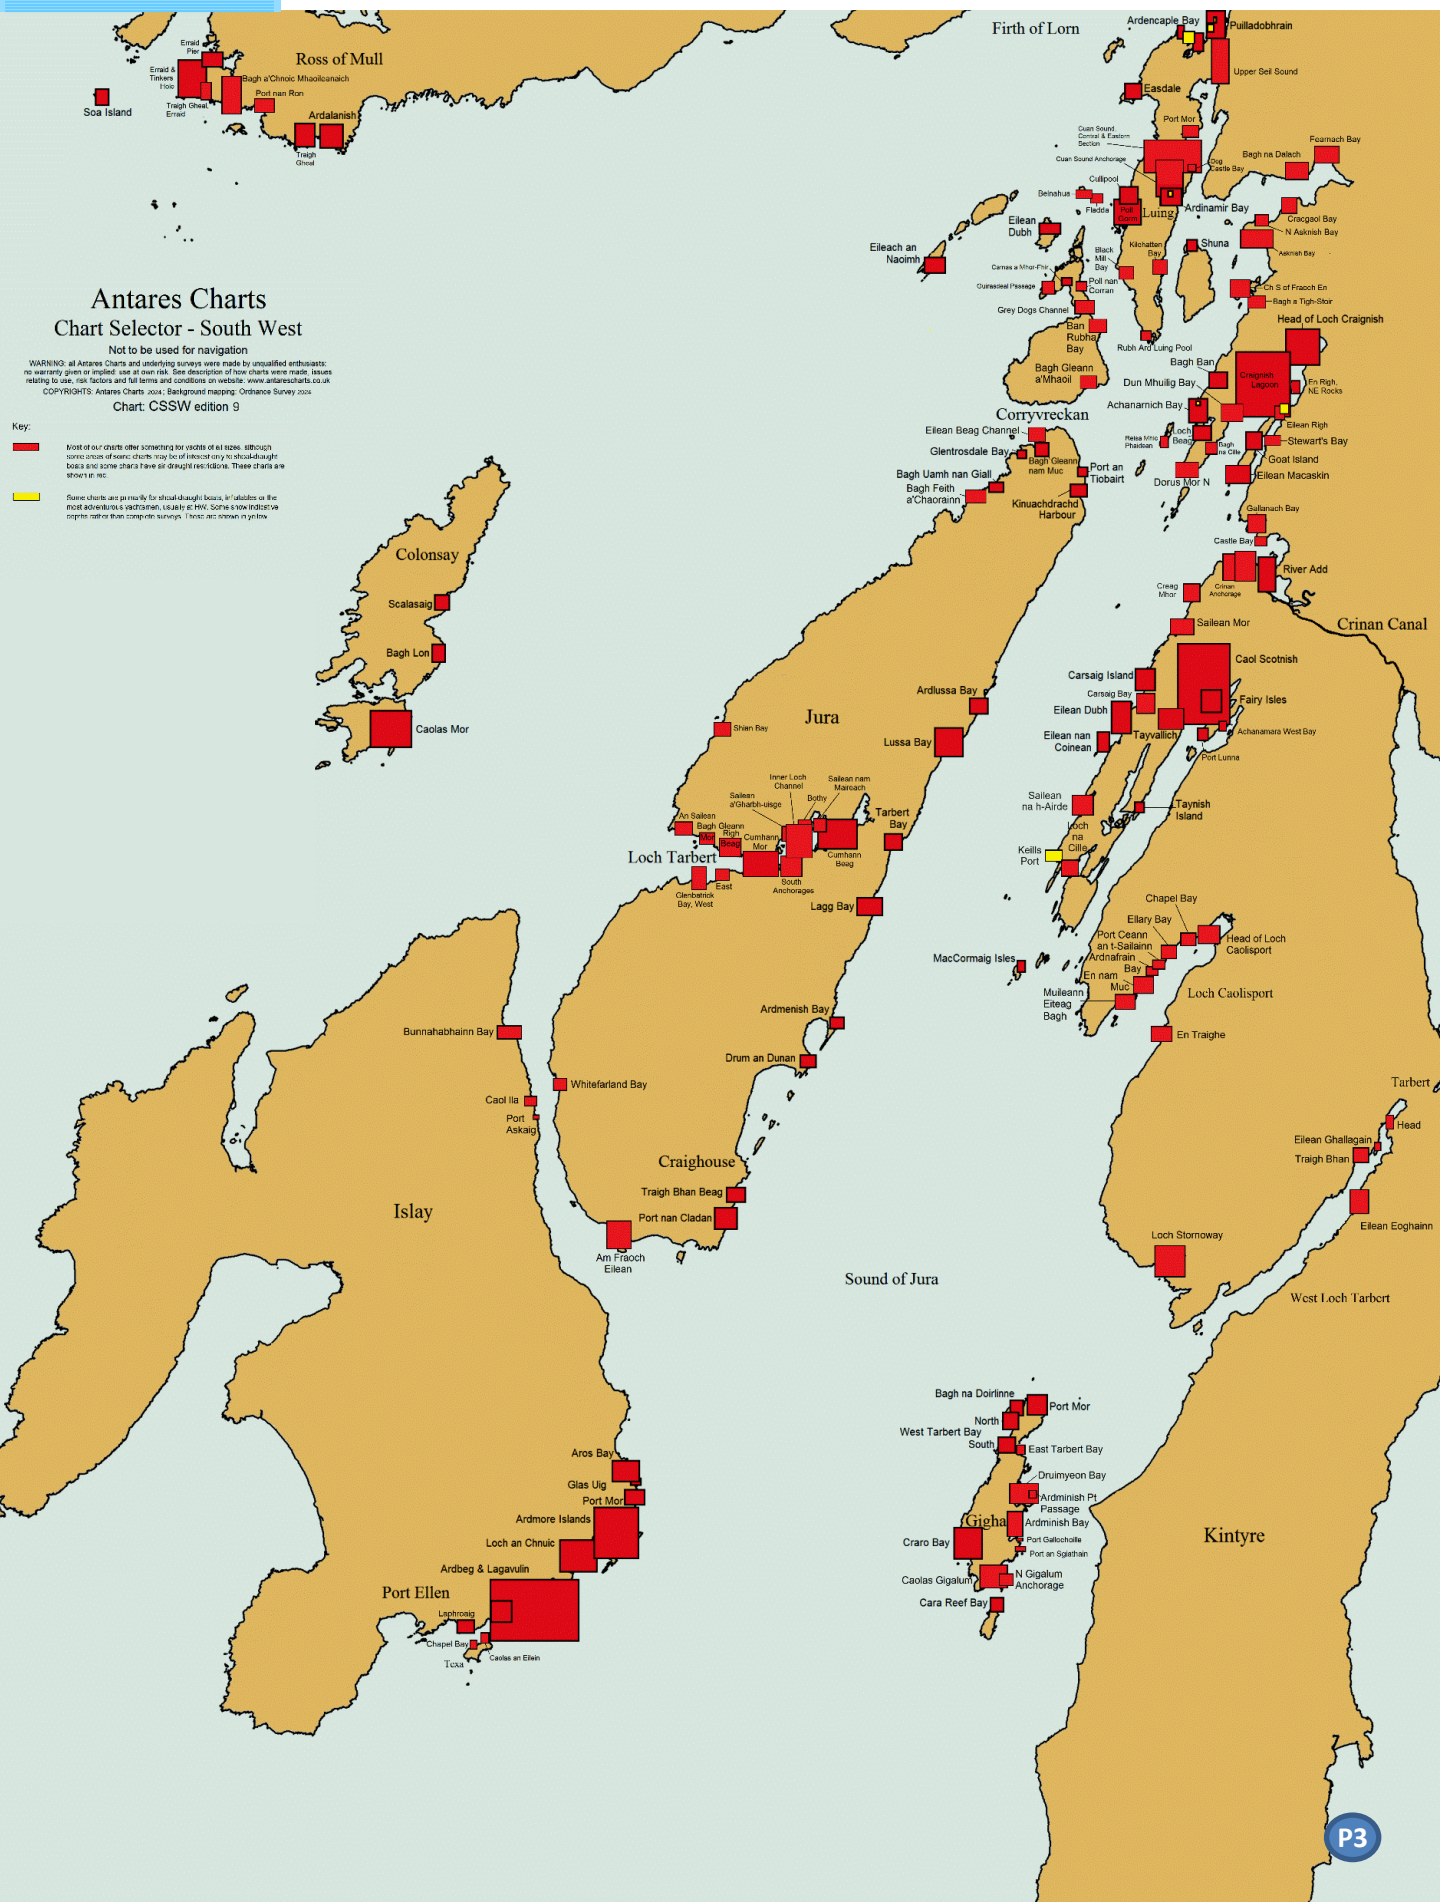

Key:

Most of our charts offer something by way of all scale, although some areas of some charts may be of interest only to shoal-draught boats and some charts have air draught restrictions. These charts are shown in red.

Some charts are primarily for shoal-draught boats, in addition to the most adventurous yachtsmen, usually in red. Some show indicative depths rather than complete surveys. These are shown in yellow.

Most of our charts offer something for yachts of all sizes, although some areas

Some charts are primarily for shoal-draught boats, inflatables or the most adventurous yachtsmen, usually at HW. Some show indicative depths rather than complete surveys. These are shown in yellow.
